

All Your Personnel Cases in One Easy to Use Online Application

PAAS standardizes a method for Government agencies to muster, account, assess, manage, and monitor the recovery process for personnel and their families affected and scattered by a wide-spread catastrophic event.

- ✓ **Muster and Account**
- ✓ **Assess Needs**
- ✓ **Manage and monitor the recovery process**

Event Management

Add an Event

Event Name: Katrina

Event Type: Hurricane

Add an Event Type

Event Type Name:

Outgoing (i.e., is it a permanent condition rather than a temporary event):

Add Cancel

Event Creation and Management Service

Event Management

Create and manage multiple events simultaneously, determine affected personnel, and capture metadata about the event.

Accountability

Account for all personnel (by individual, supervisor, or other designated person). Both initial muster and on-going accountability tracking are supported.

Location and Contact Info

This information is essential to contact you during this crisis. Your current location is what we use to reach you.

Please Verify or Update Your Information

Street 1: Home: Street 2: Work: City: Cell: State: Zip: Email 1: Email 2:

Step 2 >>

Mustering Form: Update and Verify Part 2

Contact and Location Information

Allow employees to input current location and contact information during an event.

Location and Contact Info

Click a Location Type to view or edit its info.
